**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I want a free and open internet and I want ISPs to have free and open access to critical unbundled network elements. I find it ridiculous that we, the people of America, gave large cooperations such as AT&T money to develop our infrastructure but all they do is hord it and continue to raise rates and throttle cellular internet connections to emergency services during times when peoples lives are at stake.
